Failure Reason:

Timed out retrying after 60000ms: The command was expected to run against origin `https://platform.uat.impetusz0.de` but the application is at origin `https://platform.impetusz0.de`.

This commonly happens when you have either not navigated to the expected origin or have navigated away unexpectedly.

Using `cy.origin()` to wrap the commands run on `https://platform.impetusz0.de` will likely fix this issue.

```
`cy.origin('https://platform.impetusz0.de', () => {
