Summary

Total	Passed	Failed	Skipped
77	74 (96.10%)	2 (2.60%)	1 (1.30%)

Test List

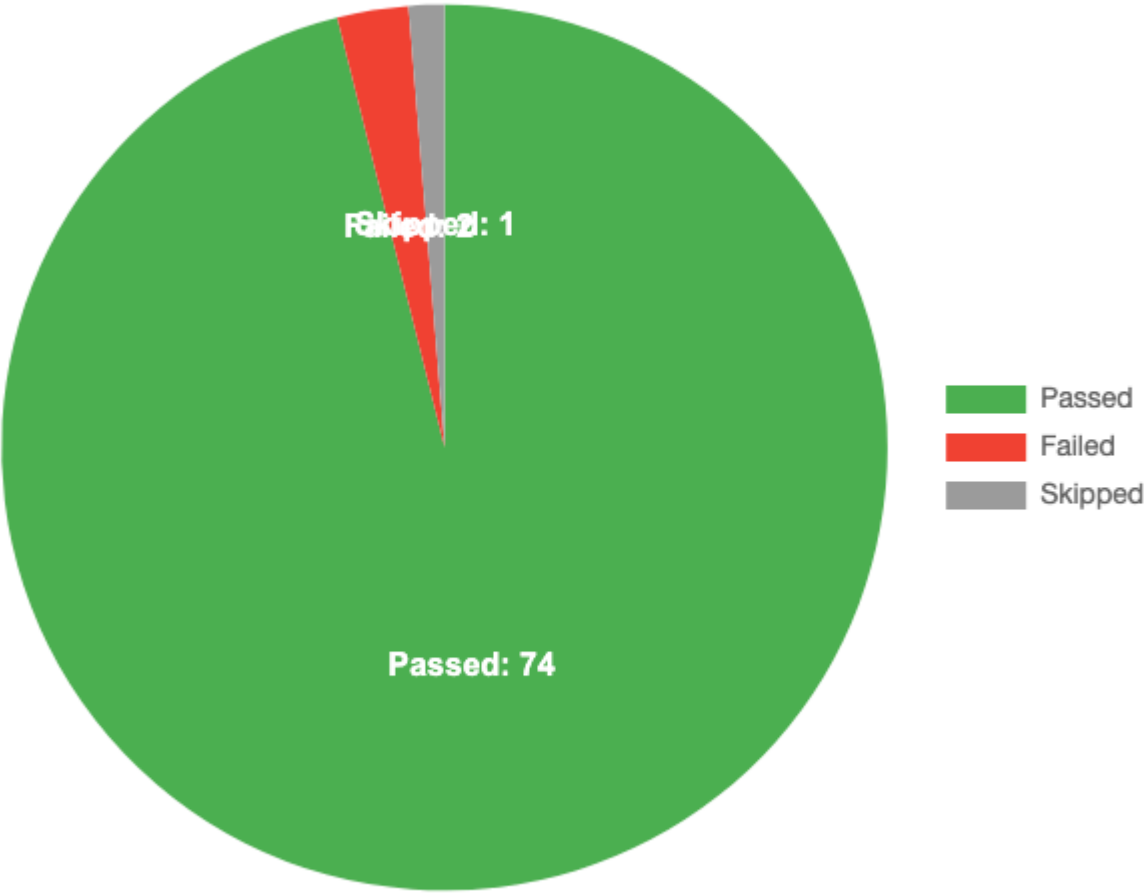

Test Name	Status	Duration (ms)
TC_001: Replen column visible for buyer and cluster; absent for vendor	passed	66018
TC_002: Replen column has a numeric value for Brick+MRP rows	passed	27607
TC_003: Total count = ODM + OEM + Replen for each row	passed	15176
TC_004: 110% fill rate cap applies to combined ODM+OEM+Replen; no bypass	passed	18076
TC_005: Eye view on Current RA row shows exactly 3 tabs: ODM, OEM, Replen	passed	13482
TC_006: Replen tab in eye view lists shortlisted designs for that Brick+MRP	passed	15626
TC_007: Replen tab design status = 'Uploaded' before DP creation	passed	24458
TC_008: Replen tab design status = 'DP created' after DP generation	passed	18241
TC_009: Filter button present; panel shows correct filters on ODM, OEM, and Replen tabs	passed	24954
TC_010: Download Current Global RA Excel triggers success and includes Replen column	passed	19539
TC_011: Upload RA and Edit RA restrictions unchanged after Replen feature	passed	12526
TC_012: Eye view on Old Global RA row shows exactly 3 tabs: ODM, OEM, Replen	passed	14587
TC_013: Old RA eye view shows exactly 3 tabs: ODM, OEM, Replen	passed	16166
TC_014: Old Global RA Excel download triggers success toast	passed	12955
TC_015: Current Cluster RA tab not visible in UI for buyer role	passed	9926

Test Name	Status	Duration (ms)
TC_016: Old Cluster RA tab not visible in UI for buyer role	passed	9188
TC_017: Cluster RA tabs hidden for buyer, cluster, and vendor roles	passed	36486
TC_018: Replen column visible in RA table for Buyer and Cluster; absent for Vendor	passed	32691
TC_019: Replen menu item present below OEM in main navigation	passed	4308
TC_020: Replen page opens with exactly 2 tabs: File and Replenished	passed	5582
TC_021: SAP Design menu item present below Replen in navigation	passed	6375
TC_022: Upload button enabled when no active Replen file exists	passed	10913
TC_023: Upload pop-up opens and Download Sample button works	passed	11051
TC_024: New Replen ID row appears in Files tab after file upload	passed	29585
TC_025: Status = 'Processing' immediately after upload	passed	11214
TC_026: Upload button disabled while an active Replen file exists	passed	10259
TC_027: ADD button absent/inactive during Processing state	passed	11163
TC_028: Status = 'DP Created' when all SKUs are valid	passed	10638
TC_029: Status = 'DP Created' with error icon for mixed valid/invalid SKUs	passed	11911
TC_030: Status = 'No DP Created' with download button when all SKUs invalid	passed	10132
TC_031: Status = 'DP Created' (dark green) after 12:00 AM DP generation	passed	10472
TC_032: ADD button visible and clickable after processing completes (No DP Created)	passed	9309
TC_033: Error file download button present on No DP Created / partial rows	passed	10622
TC_034: Error file download icon present — file has SKUID, QTY, Error columns	passed	9937
TC_035: Error download icon also present on partial DP Created rows	passed	10184
TC_036: ADD accepts re-upload of error file; extra columns ignored	failed	37859
TC_037: ADD accepts fresh 2-column file and appends SKUs to same Replen ID	failed	38395
TC_038: Replen ID is clickable after processing; opens SKU-level detail view	passed	14500
TC_039: Detail view has all 19 required columns plus Action column	passed	14576

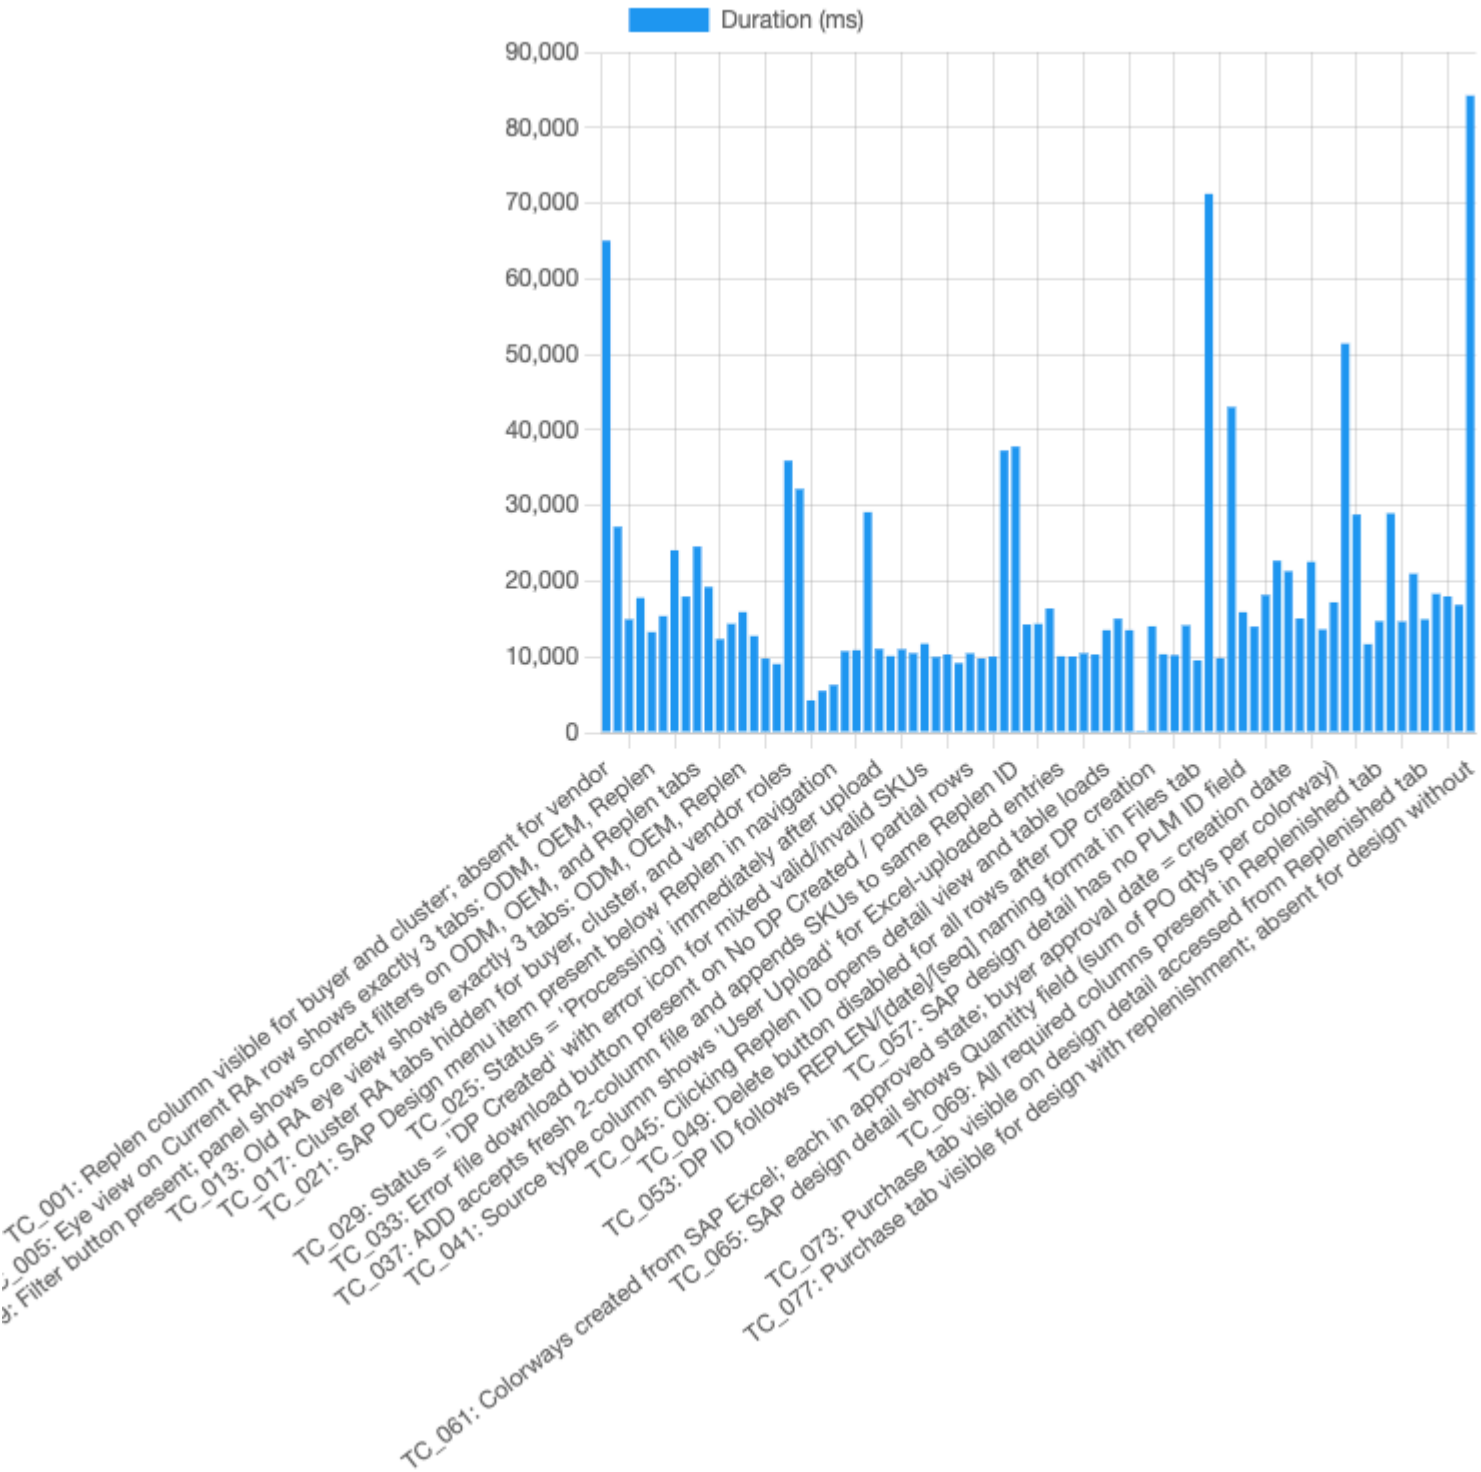

Test Name	Status	Duration (ms)
TC_040: UVPID column is clickable and opens design detail page	passed	16648
TC_041: Source type column shows 'User Upload' for Excel-uploaded entries	passed	10240
TC_042: Duplicate SKU in same file shows error download icon	passed	10202
TC_043: SKU with no UVPID shows error download icon	passed	10628
TC_044: SKU with no RA line item shows No DP Created status and error file	passed	10473
TC_045: Clicking Replen ID opens detail view and table loads	passed	13745
TC_046: Edited Qty saved and reflected in detail view	passed	15277
TC_047: Edit button disabled for all rows after DP creation	passed	13739
TC_048: Delete shows confirmation dialog; row removed after confirm	skipped	1
TC_049: Delete button disabled for all rows after DP creation	passed	14262
TC_050: Upload button re-enabled after active file reaches DP Created state	passed	10503
TC_051: ADD button disabled on DP Created Replen file row	passed	10385
TC_052: Replen file fully non-editable after DP Created (Edit, Delete, ADD all disabled)	passed	14388
TC_053: DP ID follows REPLEN/[date]/[seq] naming format in Files tab	passed	9686
TC_054: Replen DP entry visible in Replenished tab after DP creation	passed	72347
TC_055: SAP Design menu opens listing page with table and filters	passed	9983
TC_056: SAP designs visible in FPT only; NOT in PP Sample, Self QC, Photoshoot	passed	43723
TC_057: SAP design detail has no PLM ID field	passed	16160
TC_058: Clicking SAP design ID opens design detail mirroring OEM detail page	passed	14214
TC_059: SAP bulk upload creates designs with correct Design ID format	passed	18466
TC_060: All uploaded SAP designs auto-marked as FPT approved	passed	23073
TC_061: Colorways created from SAP Excel; each in approved state; buyer approval date = creation date	passed	21662
TC_062: Vendor cost populated per colorway from SAP Excel	passed	15311
TC_063: SKUID and EAN ID saved per colorway on SAP design	passed	22920

Test Name	Status	Duration (ms)
TC_064: SKU linked to SAP ID ingested correctly into Replen file	passed	13835
TC_065: SAP design detail shows Quantity field (sum of PO qtys per colorway)	passed	17489
TC_066: All date fields pre-filled as creation date on SAP design	passed	52242
TC_067: Replenished tab accessible for buyer and cluster; vendor sees their designs only	passed	29275
TC_068: Replenished tab lists UVP IDs with at least 1 Replan ID; sorted by latest date	passed	11865
TC_069: All required columns present in Replenished tab	passed	14941
TC_070: Clicking Replen Qty opens pop-up showing Replen ID and qty	passed	29433
TC_071: Phase 2 columns (Inventory, DOC, Bracket) absent in Replenished tab	passed	14894
TC_072: Design detail page has Design tab and Purchase tab	passed	21325
TC_073: Purchase tab visible on design detail accessed from Replenished tab	passed	15201
TC_074: Replen ID and date columns present on Purchase tab	passed	18623
TC_075: Vendor Cost, Quantity and SKU ID columns present on Purchase tab	passed	18283
TC_076: PO Number field shows all POs separated by comma in Brick Description section	passed	17142
TC_077: Purchase tab visible for design with replenishment; absent for design without	passed	85574
